## What sets Custom Products apart from the competition?

- ✓ A successful history of serving businesses like yours since 1985.
- ✓ Distributor team specialists that are highly trained in industry regulations.
- ✓ Constant manufacturing improvements and inventory refinement to better serve our customers.
- ✓ The integrity and willingness, to go that extra mile, to help our customers.
- ✓ Employees that are encouraged to conduct business in a way that follows the golden rule of "treating others as you would want to be treated".

## Did You Know?

CPC can be your single source for all things Traffic Control related. PLUS, we offer fast shipments, usually 24 hour after receipt of an order.

CPC is a distributor driven company that offers non-branded marketing literature to our distributors, as well as training tools for our distributor's employees.

CPC offers stable volume-based pricing with an aggressive freight paid policy to its stocking distributors in the continental US. CPC also offers the ability to blind ship small product orders directly to your customer at a competitive price. [Freight Bundle Programs](#)
